

# ISP-500

## Handheld RF Inspection System

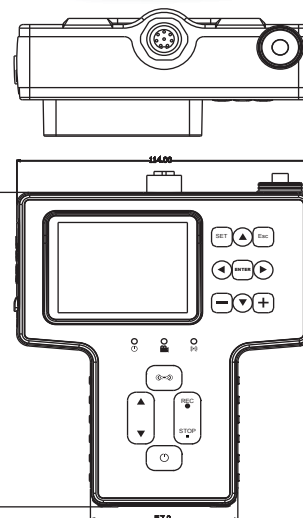

### Work with Observation Camera with DVR Functionality

#### Feature

- \* Built-in RF transmitter and DVR function
- \* Designed to use in law enforcement investigation and scientific research
- \* Work in light and dark, water resistant
- \* 6 hours battery time, 32 GB SD Storage
- \* Light shield to adjust light balance on display
- \* Record video evidence and take snap-shot evidence
- \* Image delivery through RF transmission
- \* Work with soft tube camera - OB-S51 and OB-S53 - selective length and light source on lens, work in darkness, flexible in any shape of space
- \* Work with hard tube camera - OB-H91 - in rooftop and pipeline corner

ISP-500

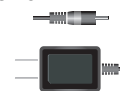

#### Specification

Item Number	ISP-500
Display	2.36" RGB 320X240 Color TFT LCD
Video System	NTSC / PAL Auto detection
Video Recording Mode	Standard / Motion / Schedule
Resolution	720x480@18fps / 640x480@30
Video Compression	MPEG-4 AVI
Picture	JPEG
Storage	SD Card (Supports up to 32GB SDHC)
Time Stamp Format	YYYY/MM/DD,HH,MM,SS
Light Source	LED Light Head with Adjusting Controller
RF Output Power	2.4GHz 50mW / 6 Channels
RF Connector	SMA
Camera Connector	M12 Connector
Power Supply	5V / 2A
Battery Type	3.7V 4400mA Lithium-Ion Battery
Battery life time	6 Hours(Power to Camera and Recording)
Power Consumption	750 mA
Dimension	130x115x58 mm
Weight	215g (without Battery)

\*Specification and appearance may be subjected to change without notice.

#### Standard Accessories

T-C3-0520

DC Charger

BA-PV-500

Battery Pack

R-TA-1200

2.4GHz Antenna

T-P1-125/250

Euro Power Plug Adapter

PV-SD-2G

2GB SD Card

#### Optional Accessories

OB-S51 / OB-S53

OB-H91

Observation Camera Series
